

# STRATEGIC PILLARS FOR MOVEMENT

There are 8 key pillars of strategic planning to be considered to enable action towards mission:

RELATIONSHIPS

PRAYER

ORGANISATION

STRATEGY

CREATING CITY  
CHANGING CHURCHES

COLLABORATION

CHURCH  
EXPANSION

CHRISTIANS IN  
THE SPHERES

# RELATIONSHIPS

**Christian leaders are in close, accountable, trusting relationship with each other, learning to lead in a new paradigm of "church for the city".**

# PRAYER

**Coordinated and passionate city/region wide prayer.**

# ORGANISATION

**A regular rhythm of meetings, organisational structure,  
governance oversight and organised finance.**

# STRATEGY

**The development, adoption and implementation of a short and long term strategic plan for the release of the churches to see the Movement Mission realised.**

# CREATING CITY CHANGING CHURCHES

**Support local church communities to know and love their city and to be released to express the love of Jesus to their cities/regions.**

# COLLABORATION

**The church works in collaboration with civic authorities, local charities, sphere leaders, the social sector, prayer leaders, and para-church organisations.**

# CHURCH EXPANSION

**Together we plant expressions of faith communities and look to revitalise existing expressions, where for every 1000 residents, there is a healthy faith expression.**

# CHRISTIANS IN THE SPHERES

**Unity of Christians placed in the different spheres of your city/region  
(religion, family, education, government, business,  
media, arts, and entertainment).**
